Some plainer and hard to place lower grade calves fall below these figures.

What a difference some much needed moisture can do. We had a smaller run this week due to the blessed rained we received. Market was steady to active this week. Feeder steers and heifers where \$5 to \$8 cwt higher this week. Cattle quality was strong overall, and it sure did make a difference in the sale ring. Packer cows and bulls have made a comeback as packers sold \$3-\$5 higher this week. What a great day it was to be a seller this week at Karnes City Auction.
