*\*Some plainer and hard to place lower grade calves fall below these figures. \**

We continued into another great market for the second week in February. Feeder steers and heifers continued to stay strong with high demand in a lot of classes. We are calling this week’s market \$2 to \$5 cwt higher when compared to last week. With some of the averages being a little lower due to the quality of some cattle. #1 quality cattle seem to really take a lot of the buyer’s attention when coming into the sale ring. Packer cows and bulls sold extremely well this week calling them \$5 cwt. higher this week. When compared to last week.
